I would like to request the IC-24 AT/ET MODS

for the transmit mods on UHF, since I need to use it  
back home on 430-440 next couple months.  
Any other MODS on this ICOM unit will be appreciated.

IF it has been posted pse reposted or send me mail.  
If it to long I will pay the mailing cost.

Best regards,  
Adi,

A few weeks ago, I posted an article asking for info on Super  
regenerative receivers. The response both via the net and e-mail was  
overwhelming. Thanks to all those who gave advice, referred me to  
literature and even mailed articles and schematics.
